

Roger Miesen

RWE Generation SE

Huysseallee 2, 45128 Essen, Germany

- Chief Executive Officer (CEO) RWE Generation SE
- Responsible Board member for RWE Technology International GmbH
- RWE Country Chair Netherlands

Since January 2018, Roger Miesen is the CEO of RWE Generation SE after five years being the CTO for Hard Coal, Gas and Biomass.

The company pools the generation entities and engineering expertise of RWE for the generation based on hard coal, gas, biomass and hydro power in Germany, in the Netherlands, in the UK and in Turkey. RWE group has 16,000 employees and approx. 44 GW of power generation capacity.

In 2015, he was appointed responsible Board member for RWE Technology International GmbH and RWE Country Chair for the Netherlands.

Before he took over a position as Head of Hard Coal, Gas power stations Germany within RWE Power in 2011, he held several management positions at the Dutch and Belgian electricity and gas company Essent NV, since 2009 a subsidiary of RWE, and the Dutch electricity producer EPZ NV.

He holds a degree in Aerospace Engineering (MSc) from the Delft University of Technology.
